

## CITY NEWS.

Miss Madge and Wallace Miesse are visiting friends in Dayton this week.

There were 234 arrests made in 1906 by the police officers of Greenville.

James A. Reis is said to be quite sick at his home on East Main street.

I. N. Glunt and family left Thursday for Jacksonville, Florida, to spend the winter.

Fiftyeight marriage licenses were issued by Probate Judge Robeson during December.

Misses Cornelia and Ruth Staylor of Indianapolis, have been visiting former Greenville friends the past week.

Miss Elsie Cunningham of Port Clinton, O., is the guest of her sister, Mrs. Chas. Slade, West Third street.

Frank Eyer and family will soon move to Missouri, where he has accepted the position of professor of music in a college.

George Metler of this city received some fine fruit recently from his son, Clarence Metler, who is now located in California.

Frank Rush of near this city and J. B. Warrells of Union City were both adjudged insane and taken to the asylum last Thursday.

Frank Hamilton and wife of near Fairmount, Ind., have returned to their home after a pleasant visit here with relatives.

E. M. Hall and wife have had for their guests the past week E. B. Chester and wife of Brownsville, Tenn. Mrs. Chester was formerly Miss Margaret Clary of Rossburg.

Mrs. Charles Halley died of tuberculosis Saturday morning at their home on East Fourth street aged 27 years. Her husband and five children survive her. Funeral services were held Monday afternoon.

That's the house the Doctor built. The biggest house you see; Thank goodness he don't get our money.

For we take Hollister's Rocky Mountain Tea.

Wm. Kipp's Sons.

As usual, Mr. Charles Katzenberger was the first to call on New Year to renew his subscription and start us off on the new year, as has been his custom for years. Mr. Katzenberger is hale and hearty at 73 years, with the prospect of many more years of usefulness before him.

Builds up waste tissue, promotes appetite, improves digestion, induces refreshing sleep, gives renewed strength and health. That's what Hollister's Rocky Mountain Tea does. 35 cents, Tea or Tablets. Wm. Kipp's Sons.

Nora Hegodin, of near Brock, an employee at the County Infirmary, accidentally caught her hands in the steam ironing rollers, mangling and burning them quite severely. The left hand and arm were the worst injured, but it is thought the member can be saved; it was necessary, however, to amputate two fingers and the thumb of her right hand.

Harry Little, 16-year-old boy of Bright Little, freight conductor on the Cincinnati Northern, was badly injured in a rear-end collision at Franklin on Wednesday of last week. His father had taken him along on his run that morning and the boy was asleep in the caboose, the freight train

standing on a siding at Franklin to allow a passenger train to pass, but a switch had been left open and the passenger train crashed into the caboose. The little fellow had one of his legs broken in two places and sustained other painful injuries about the body. He was taken to a hospital in Dayton, where it was found his injuries would not prove fatal, as was at first feared.

Possesses wonderful medicinal power over the human body, removing all disorders from your system, is what Hollister's Rocky Mountain Tea will do. Makes you well, keeps you well. 35 cents, Tea or Tablets. Wm. Kipp's Sons.

The Journal's roll of honor for the past week consists of the following named patrons:

Geo. W. Westfall, J. T. Smith, Daniel Garrison, Leander Teaford, Mrs. H. Vantilburgh, C. L. Katzenberger, D. P. Albright, W. H. Lyons, P. S. Green.

The delinquent tax list is the shortest this year in the history of Darke county. There are but eight persons delinquent in this city, four in Union City, one each in Hillgrove, Osgood, New Madison, Hollandsburg, and only one in five other townships. There is said to be a total of \$350,000 to the credit of the county. The heaviest day's collection was on December 17, when nearly \$55,000 was received. This speaks well for Treasurer Rogers and the prosperity of the people of Darke county. There are no delinquents in any of the townships except Harrison, Mississinawa and Richland, and only one in each of them.

## Has Not Quit.

To correct an erroneous impression, which has in some manner gained circulation outside of Greenville, this paper desires to state that Dr. J. J. Little has not quit dentistry, nor has he any intention of severing connection with dental business at his old offices in the Winner Block. Dr. Little has been a very busy man during the past few weeks with professional duties and looking after business matters at the Hamilton House, but from now on he will be in position to give practically all of his time to his dental interests.

## A Slight Disadvantage.

She was only ten years old, little Margaret, but there were two younger children, and she had already taken upon her shoulders some of the responsibilities of life, but did not pretend to enjoy them all.

"Where are Helen and Agatha?" asked a visitor, who found Margaret sitting on the doorstep alone one afternoon, looking particularly sober.

"They've gone off to have what mother calls 'mischief' and they call 'fun,'" said the solitary one. "And you didn't go with them," said the visitor, with a hint of sympathy in her voice.

"Oh, no," said Margaret, with a sigh; "mother trusts me so dreadfully! I can't have much of any fun."—Youth's Companion.

## The Price of Disobedience.

An Italian prince had strictly forbidden one of his daughters to smoke, but so great a hold had the habit obtained over her that she secretly engaged in the practice at every opportunity. One day she was indulging in a cigarette as she reclined on a balcony attired in a dress of the lightest muslin. Suddenly her father appeared on the scene. In the hurry to hide the evidence of her disobedience the princess placed her hand with the burning cigarette behind her back. The result was startling and tragic. Her frock was immediately in a blaze, and she was fearfully burned from head to foot, dying after suffering intensely.

## FOR THE LITTLE ONES.

Directions For Making a Smoke Ring Box.

A smoke box means considerable fun for the boys and girls who try it.

Make a box out of cardboard or thick paper as nearly a perfect cube in shape as possible, say three inches in measurement.

Next lay a dime or quarter on one side of it and trace the outline with lead pencil. Then cut out a hole along the line.

Then light a wax taper or candle and hold it under the hole so that the smoke will fill the box.

Now, if you hold the box in one hand, hole uppermost, and tap the bottom, you can cause tiny but perfect and beautiful rings of smoke to shoot out into the air.

Some boys have succeeded in making a hundred rings from one boxful of smoke.

See how many you can produce.

Not Only Walls Have Ears.

"Mrs. Smith looked lovely this afternoon," remarked the woman just returned from the pink tea. "Usually she gets herself up like a cream puff or a slab of Neapolitan ice cream, but this afternoon she looked lovely."

"Was she as much painted as usual?" asked the girl.

"Painted?" queried the kid of the family. "What color?"

"Red, white and blue," explained the girl quickly, adding: "Little pitchers! He'll be telling her the next time she calls."—New York Press.

Dines With Most Engaging.

James Russell Lowell when American minister in London received an invitation from Lord Granville, then foreign secretary, to the effect that he was about to ask at comparatively short notice for the pleasure of the company at dinner of "the most engaged man in London."

To which Mr. Lowell wittily replied, according to Lord Edmond Fitzmaurice's "Life of Lord Granville":

"The most engaged man in London accepts with the greatest pleasure the kind invitation of the most engaged."

A Salmon Story.

Here's a fish story: A sportsman fishing for salmon in one of the streams that run into the gulf of St. Lawrence discovered a spot where he was convinced that a salmon ought to be lying. As he made his way through the bushes a cast which he had wound around his hat became loosened. As the sportsman peered over the bank a fly on the loose cast gently touched the water. Immediately a salmon seized it and rushed away upstream, carrying both hook and hat.

## DR. KUTCHIN

EX. U. S. EXAMINING SURGEON.

Late of Chicago, Greatest Living Specialist for the Treatment and Cure of all Long-Standing and Difficult Chronic Diseases and Diseases of the Blood and Nervous System. Consulting Surgeon at Maplewood Sanitarium.

Will, by special request, meet his many patients in this county every month for the next year, and examine all afflicted free. Ohio office, Columbus, O.

The noted Author and Medical Lecturer, and greatest living Specialist for the Treatment and Cure of all Chronic Diseases, has come to visit this county and must see many patients and give ALL AFFLICTED AN OPPORTUNITY to learn the latest and best treatment for their diseases as the regular family physician is not prepared to treat.

Dr. Kutchin will visit this county every month, thus saving the patients the trouble and expense of coming to the city. And he is the only physician in this county who carries his own Diagram to illustrate and make plain to all afflicted the cause and nature of their disease. He promises to visit the county every four weeks and will continue as long as he is able to spare him to the afflicted.

CHRONIC DISEASES.

The Doctor treats no acute diseases, but makes a specialty of chronic and long-standing diseases. Cases given up by other doctors and pronounced incurable, he most desires to see. Dr. Kutchin has treated over 12,000 cases in Ohio in the last two years, many of which had been given up as incurable, some to be blind, others deaf, and a large number to be invalid for life. Now they see and hear, and are on the high road to health.

Dr. Kutchin has a fine collection of instruments for examining and treating all chronic diseases of the Head, Face, Eye, Ear, Throat, Heart, Lungs, Stomach, Liver, Kidneys, Bladder, Uterus, Brain and Nerves, Glands, Tumors, Piles, Swindlers, Old Sores, Fits, Paralysis, Neuritis, Rheumatism, Dropsy, Gout, Sick Headache, Debility, Impression of Spirit, Diseases of Children, Hereditary Diseases, etc., and, in fact, all long-standing and chronic diseases. All surgical operations performed.

EXAMINATIONS FREE TO ALL.

Whenever it is known that Dr. Kutchin is stopping at a place, crowds gather to consult him. He is not to be missed at when it is convenient to where they may be, and a doctor he never asks a question, but describes the different diseases better than the sick can themselves. It is a wonderful plan, which is peculiar to the large hospitals, and is not and never has been created by country doctors, viz. he carefully records the symptoms of the patient, and ascertains the condition of the internal organs, all of which he carefully records in his register for future reference. In this way he ascertains the true nature of the disease and its cause. When sick people consult him he readily tells them whether he can cure or help them, or whether they are beyond hope.

HIS IMPROVED METHODS OF TREATMENT.

A mild and pleasant; agree perfectly with the most delicate Lady or Child; do not reduce strength; can be used while at work, and give the greatest possible benefit in the shortest possible time. Patients can consult him or communicate with him as often as they please, during the whole time required for the cure, without regard to where they may be, and without extra charge, thus rendering the treatment as successful and satisfactory as though they were living next door to each other.

MANHOOD PERFECTLY RESTORED.

Quick, painless and certain cure for Impotency, Lost Manhood, Spermatorrhea, Losses, Weakness, Neuritis, etc., and all other diseases of the male system, and all private diseases, whether from impure habits of youth or sexual excesses in mature years, or any cause that debilitates the system, and renders the patient weak and nervous. Consultation free and strictly confidential. Absolute cures guaranteed in cases curable. No risk incurred.

DISEASES OF WOMEN.

Such as have baffled the skill of other physicians and remedies. Dr. Kutchin quickly cures Tumors, Fibroids, and Ovarian Cysts. Growths cured without the use of the knife. No cutting, no pain, no danger.

A LIFE OF EXPERIENCE.

The Doctor has had a whole life of study and experience in his profession, and enjoys advantages which fall to the lot of but few. After attending his Full Course in the Medical College, and graduating with the highest honors, he was not content to stop there, but traveled extensively for the purpose of improvement, having visited the best Medical Colleges, Hospitals, Dispensaries, Eye, Ear, Lung and other Medical and Surgical Institutions, traveling thousands of miles, both by land and sea, expending thousands of dollars in improving every advantage within his command, and devoting the last years of his life to become thoroughly familiar with his profession in all its branches.

LATEST DISCOVERIES AND IMPROVEMENTS.

Dr. Kutchin has received the most approved instruction in Analytical and Microscopical examinations of the Blood, Urine, etc., which are now considered indispensable in a correct diagnosis in many diseases. There are many diseases which physicians in common practice do not usually treat, and are, therefore, seldom prepared with necessary and costly outfit to examine correctly, or treat with success; such cases, therefore, would do well to call at once and learn their true condition, and whether the doors of hope are yet open, or forever closed against them.

FACTS FOR MEN OF ALL AGES.

Many diseases are so deceptive that hundreds of persons have been before they even suspect it. They know they are not well, but are perfectly ignorant of the deadly fangs which are festering upon them, and must sooner or later, certainly destroy them, unless rescued by a skillful hand. Are you afflicted? Your case may now be perfectly curable, but remember, every moment of neglect brings you nearer its inevitable doom, when, perhaps, the most skillful physician can render you no assistance. The present is your chance, the future may be too late.

Epilepsy or Fits, etc., if treated and cured by a never failing method. Free Examination of the Urine. Each person applying for medical treatment should send or bring in a cup of urine, which will receive a careful chemical and microscopical examination. Persons made ill by ignorant practitioners who keep trifling with them month after month, giving poisonous and injurious compounds, should call and see the Doctor. No case and correspondence confidential. Treatment sent U. S. to any part of the United States. Correspondence with invalids solicited. All letters with stamps enclosed answered free. Cases removed in from three to five hours without starvation. The remedies for the whole course of treatment are furnished from the Office or at the patient's home, and can be cured. Tape
